

SIXTH YEAR.

MAYSVILLE, KY., MONDAY, AUGUST 16, 1897.

ONE CENT.

Spoke CIRCULATION

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notions" free any more than a merchant can give his customer free use of his goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Club

Upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Shoppers.

Excursions, fairs, or other public entertainments where a fee is charged, and for clubbing notices, read notice of request, etc., THE LEDGER will charge five cents a line, and hereafter this will be the invariable rule. This, however.

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Leads in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A correction of any kind inserted in the paper, I tell you when to take it out. He says to the bookkeeper, but he forgets all about it. Notice this for two months—30 times—the bill is \$15.25. When he finds it out, there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, so "all parties" will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be sent in before 9 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

IMMENSE SENSATION!

Fleming County Society Torn Up By the Very Roots!

ALL THE RED FIRE DETAILS.

Now, isn't that heading sensational enough for you? And Don't you expect a sweet morsel of scandal to wobble your tongue around?

Friday's Cincinnati papers had a most glowing account of the movements in that big, bad place of Dr. Henry C. Kehoe, formerly of this city but now of Flemingsburg, and Miss Jessie Sommers of Elizaville.

The narrative was, of course, accompanied by painful pictures of the principal, with all the necessary red fire accessories to complete a thrilling story.

Rather than publish the matter hastily THE LEDGER preferred to await less sensational details, and the facts are substantially these:

A week ago last Saturday Jessie Sommers, a young Miss of about 16, went to Cincinnati from Elizaville to visit her uncle, Thomas Farrell, who is connected with the D. H. Baldwin Piano Company.

Thursday evening previously Miss Sommers had called on Dr. H. C. Kehoe at Flemingsburg, who is a great friend of her stepfather, Thomas C. Dougherty, but who had never met Miss Sommers until that evening, when she introduced herself.

She called on Dr. Kehoe professionally, but he had company and could not attend to her case, and advised her to consult her uncle, Dr. Riveland, who lives near her home.

After that she went to her other uncle in Cincinnati.

She wrote to Dr. Kehoe that it was very important that she should see him, and was desirous of consulting him.

Business made it necessary for the Doctor to be in Cincinnati and he sent her a special delivery letter to that effect, appointing as the place of meeting the Palace Hotel.

She told her uncle that she had an engagement with a Mr. Armstrong and his two daughters of Flemingsburg to go shopping, and was to meet them at the Palace Hotel.

Mr. Farrell accompanied his niece, and on reaching the hotel was introduced to the Mr. Armstrong, but the two daughters were nowhere to be found. But it was decided that Miss Sommers and Armstrong would wait for the daughters.

Mr. Farrell waited outside the hotel, when presently his niece came out, accompanied by Armstrong, but without the daughters. He followed them, and saw them enter Hunt's Hotel on Fifth street, where they registered as "Mr. Armstrong and daughter, city."

The office then procured the services of Officer Pottebaum and entered their room, where they had been only a few minutes.

When the door was opened Miss Sommers was sitting by the window, and her companion was sitting several feet distant. No precaution had been taken on the part of the occupants of the room, for the door was not secured. Quite a scene occurred between uncle and niece, and all the parties were taken to Central Station.

There all told their stories, and none of the statements conflicted. Armstrong, who was none other than Dr. Kehoe, stated that he only wished to give the young lady some advice, so, after a long consultation with Prosecutor Robert Pugh and Chief Deitch, it was decided to place no charge against them.

Miss Sommers comes of one of the best families in Fleming county, and thus

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.

LEONOR is informed that there has never been a "breath of suspicion" against her character.

And in view of all the facts, it must be admitted that the over-zealous uncle who took such heroic measures to "protect" his niece has made a glorious success in blasting her reputation forever!

If you really think it doesn't pay to advertise, just ask Mr. S. A. Shanklin the stove and ware merchant on Market street.

Dr. Warner Moore of Mayfield has three old books which are much older than any others mentioned. One is the answer of the Earl of Nottingham to Mr. Whitstone, printed in 1721; one is Clark's Morrow of Ecclesiastical History, printed in 1675, and the other is Ancient Ecclesiastical History, printed in 1650.

The Owingsville Outlook man moralizes as follows: "On reflection, tax your minds and see if you can remember any considerable manual labor ever done by a large part of that class of croakers that loaf around little towns and complain that there is no work to do and times are getting worse." It has always been and will continue to be hard times with those that don't earnestly try to improve them."

The time allotted for closing the business of the Maysville Carriage Co. being nearly exhausted, we hereby give notice to all persons indebted to the firm by note or account (old or new) to please call at once, if possible, and pay the same, thus saving further trouble or annoyance. Also, please remember we have yet forty Hand-made Vehicles which must be sold immediately.
